1930 CLOSING OUT LIST
OF
Gladioli, Dahlias and Iris

Just a few odds and ends left, grown from bulblets and small size planting stock. L means 1 in. up, mostly up. Some kinds are slow growers from bulblets, but bloom as well. M, ½ to 1 inch. S, ½ down. Blooming sizes are large enough to bloom and will produce large flowers and plenty of bulblets. Bulblets of all kinds sold from 1 to 100 at cheap rates. I have over 100 kinds in too small quantities to list. Send list of wants or send $1.00 to $5.00 and I will make up a collection of choice kinds at very low prices. 25 percent holds the order until March 1st. Those marked * I will sell 6 at price of 5c; 12 at price of 10c; others are net prices and I have but few of them. Orders under $3.00, if you want them insured send 5c for insurance. Sums under $1.00 you may remit in unused 1c or 2c stamps. All bulbs semesan treated. Customers tell me my bulbs are so strong they have to put heavy weights on them to hold them down until they root. If out of a variety will substitute a kind as good or better unless instructed not to do so. I give extra value when substituting. Everything on this list sent prepaid.

GLADIOLI

Kunderd Ruffled

*Blanche Bollinger—L 8c, M 5c, S 3c, Blbts. 25 for 10c.
